1 Statement of Significant Accounting Policies

Basis of Preparation

The committee has prepared the financial report on the basis that the association is a non reporting entity because there are no users dependent on a general purpose financial report. This financial report is therefore a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 1981 (QLD).

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values, or except where specifically stated, current valuations of non-current assets.

The financial report has been prepared in accordance with the following significant accounting policies, which the committee has determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the previous period unless stated otherwise.

(a) Income Tax

The association claims a tax exemption under section 50-10 of the Income Tax Assessment Act as being established for community services purposes.

(b) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(c) Revenue and Other Income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Memberships and meeting income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.
